

EDUCATORS (TOUR GUIDES)

Mill Run, PA

Fallingwater, the architectural masterwork designed by Frank Lloyd Wright, located in the heart of the Laurel Highlands, is in search of part time Tour Guides. Come join a dynamic and collaborative team of museum educators that greet visitors from around the world. This is a great opportunity to work at a world-renowned architectural site, build your presentation and interpretation skills and enhance your resume. Whether you are a retired professional or just beginning your career, Fallingwater can change you and your vocational path.

Educators (Tour Guides) engage visitors on one hour non-scripted general architecture tours of Fallingwater. Educators may also have opportunities to lead educational workshops and give presentations. Educators must be able to retain architectural and historical facts, dates and anecdotes, and then customize that information according to the interests of the visitors. Tours should be conversational as the guide facilitates the visitor's self-discovery of architecture in harmony with nature. Educators must be comfortable speaking in front of groups and will engage visitors ages 6 to 106 from diverse cultures, languages and geographic areas. Must be articulate, positive, outgoing, dependable, and flexible and have a professional demeanor.

To apply, email letter of interest and/or resume to wpcjobs@paconserve.org and list **Educators** in the subject line of the email.
