

## CARLO E. ROSSI MEMORIAL SCHOLARSHIP AWARD

This Scholarship was established to help fund the education of a graduating senior who is making application to an institution of higher education including a college or career and technical school. It is our hope to make a scholarship award annually to a graduating senior from Geibel High School, and also from Uniontown Area High School.

The award will be available to students from Uniontown Area High School, where Carl graduated in 1958. Carl, along with his wife Lois both have a vested interest in the students at Uniontown Area where she was employed as a Counselor for much of her entire career of 50 years.

Carl started his teaching career at Immaculate Conception High School upon his graduation from Waynesburg University, formerly Waynesburg College, where he received his Bachelor of Arts degree. After a year, the school transitioned to Geibel Catholic High School following the completion of the new diocesan high school. He was a dedicated instructor, where he taught Ancient History, Economics, and Legal Studies. During his time as an educator, Carl also acted as the faculty sponsor of the cross-country team, Student Council and the Stock Market Club. Carl taught his students through the principal of hard work, dedication and one of his embodying characteristics – Organization!

Known for his great artistic talent and love of gardening and ornithology, Carl spent a lifetime bringing beauty to so many through his artwork and the glorious gardens he created at both of his homes in Uniontown and Richmond. A lover of wildlife, Carl spent much time participating in Cornell University's Bird Watching Study. During most of his lifetime, Carl enjoyed many hikes, Bike rides and cross-country skiing in the Laurel Mountains.

Carl's spirit continues through not only his surviving family, but also through the gallery of artwork, journals, and other treasures he left behind. While a void is left here on earth, we may only take comfort in your finding everlasting peace and rest.

It is our intention the award be given to a graduating senior who is both hard working and dedicated to his studies, and who is in need of financial assistance. It should also be awarded to a student who does not receive multiple other awards.

Please complete the attached application and submit the required items to Mrs. Smith/Mrs. Baker by the Deadline of March 31, 2024.
